The products presented in this section have one or more attributes that make them environmentally friendly. How would it feel to attain those goals. The operation of the fast emotional pathway Figure The emotional circuits in the limbic system are activated when an emotional stimulus is experienced, and these circuits quickly create corresponding physical reactions LeDoux, The process happens so quickly that it may feel to us as if emotion is simultaneous with our physical arousal. To consider matters thoroughly we would have to engage in an extended discussion of the theology of man and woman, but we cannot do so .
